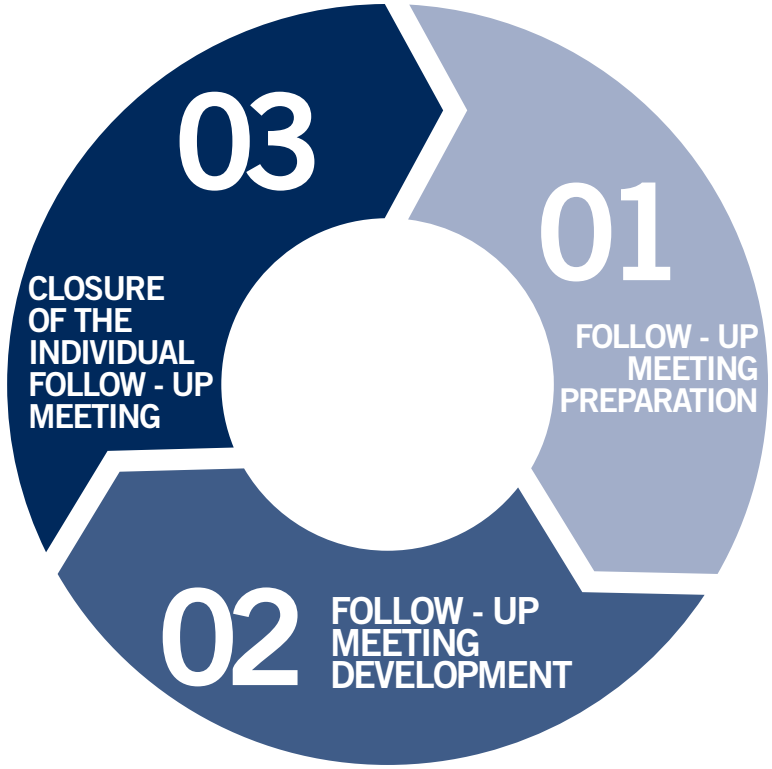
MAIN STEPS

WHO:
Manager with each indirect (WC) team member

WHEN:
1 meeting every 2 months (minimum)

MAIN TARGETS



01

- Schedule your annual meetings (days & duration) & share them with your team member.
- Prepare the guide note that you will use:
  - Targets or challenges of your team member & their progress.
  - Commitments and/or action plans defined in the last meeting.
  - Personal development aspects that you would like to communicate.

02

- Start & finish the meeting always at the scheduled time.
- Explain the target of the meeting, trying to create a relaxed atmosphere.
- Review previously assumed commitments. Inquire about the non-fulfillments & acknowledge the fulfillments.
- Follow up the targets and identify potential areas to be supported (agree each one´s responsibility).
- Reinforce positive outstanding behaviours and guide your team member in those ones you consider that should be improved.

03

- Always end the meeting by summarizing the commitments undertaken: what, who and when.
- Record those commitments & share them by Email.

Make an individualized follow-up of the targets & challenges of your team member, identifying the areas in which support is required & agreeing the action plans (commitments) by both parts.

Dedicate a space to talk about the evolution of your team member: what is he/she doing well & what can be done better.

QUESTIONS THAT CAN HELP YOU IN THE INDIVIDUAL FOLLOW - UP MEETING

What could you do in a different way regarding this question?

What do you need to be able to do what I ask you?

How would you like us to face this situation?

How do you feel about what I have told you?

Which impact will have our talk on you?

In your opinion, what would be the solution to this matter?

How have you felt during the meeting? What would you improve on it?
